July 15, 2022

Dear Daniel Streicher,

Congratulations to Schuler-Haas Electric and your entire team for being recognized on the 2022 Top Solar Contractors list! The *Solar Power World* staff is happy to announce that Schuler-Haas Electric is listed at No. 49 this year.

It's been a wild last two years, so it has been nice seeing the success of the solar construction market and celebrating all the great achievements contractors have accomplished in communities across the country. We thank you for making a difference in many people's lives — not just your customers' but also your employees'. Schuler-Haas Electric is doing very important work.

We're glad to have you in the Top Solar Contractors family. As we navigate the next few years, please know you can reach out at any time. You may view many on this list as competitors, but we're all moving toward one goal — greater solar acceptance and more energy independence.

Congratulations again on making the 2022 Top Solar Contractors list! We hope to hear more great news from Schuler-Haas Electric soon.

Willing to work harder,
